PROFESSIONAL SUMMARY

Quantitative Analyst skilled in statistical modelling, data analytics, and machine learning using Python, R, and SQL. Experienced in building predictive models, analyzing large datasets, and delivering actionable insights for both research and business applications. Published in a Q1 peer-reviewed journal and recognized for academic excellence.

TECHNICAL SKILLS

Programming Python, R, SQL
Languages English, Khmer, Thai
Data Viz Matplotlib, Seaborn, ggplot, Cartopy, Tableau, Power BI
Statistical Tools Descriptive, Inferential, Machine Learning

EXPERIENCE

Research Assistant Aug 2023 — Present
Atmospheric & Hydrologic Natural Circulation Lab Cheonan, South Korea

- Performed quantitative modelling and statistical analysis on large-scale datasets to assess and forecast high-impact risk events.
- Applied Python and R to clean, validate, and visualize complex multi-dimensional data, improving analytical accuracy.
- Published a Q1 peer-reviewed journal article ([link](#)).

Business Development Intern Dec 2022 — Apr 2023
Chairachakarn Group Bangkok, Thailand

- Conducted customer segmentation using K-Means clustering, enabling route optimization for sales teams.
- Developed an automated web-scraping tool to acquire thousands of client contacts, significantly enhancing CRM database efficiency.
- Produced automated reporting outputs to support data-driven decision-making and improve operational performance.

EDUCATION

Msc in Urban Convergence System Engineering, Kongju National University, South Korea August 2025

- Scholarship: Research Scholarship | GPA: 4.28/4.50
- Climate change and environmental data analysis

Bsc in Statistics, Burapha University, Thailand April 2023

- Scholarship: Thai Royal Scholarship | GPA: 3.68/4.00
- Specialized in statistical modeling

ACHIEVEMENTS & ACADEMIC ACTIVITIES

- Achieved the highest GPA in the graduating class of the Bachelor of Science in Statistics program.
- Selected to represent the university at the national stage of the StartUP Thailand League 2022 competition.
- Presented research at two international academic conferences; awarded Best Oral Presentation in one event.
- Served as a teaching assistant for two undergraduate courses, supporting lecture preparation, assignment management, and student communication.
